Version 17.09.

Download Version 17.09

Tested SAP B1 versions

- SAP B1 9.1 PL13 (MSSQL 2012 and HANA 122.04)
- SAP B1 9.2 PL8 HF3 (MSSQL 2016 and HANA 122.04)

Note: Older and newer SAP B1 versions will usually also work, but haven't been specifically tested in this version.

Important remark
There are a few extra steps that must be taken in the upgrading process due the structural changes in the software.

1. Uninstall every component including the Produmex Manufacturing add-on, the Produmex PDC application and the Service Broker.
2. Install the new version of each component.

Please note: If you are using Produmex Scan in addition to Produmex PDC, upgrade both in order to be compatible with the new Service Broker version.

If you are upgrading from a version previous to Version 17.05, please also take the extra steps described here: Version 17.05.

Before the upgrade, please check the release notes of the intermediate versions between the current versiona and the version you would like to upgrade to.

New Functions

- Concurrent license handling for terminals
- BoM Importer tool

Bugfix

- MANUFADDON-509 PDC Completed Quantites are wrong after changing the booked quantity in PDC Admnistration
- MANUFADDON-527 PDC client authentication: password appeared in error message
- MANUFADDON-528 PDC should not require a main/unfinished product together with by-products

- MANUFADDON-529 Completed quantity calculation fixed in BLL
- MANUFADDON-529 Wrong by-product batch quantities displayed
- MANUFADDON-530 PDC Depends on End quantities are not calculated well for materials
- MANUFADDON-532 Duplication of BoM: Not all values are copied to the new BoM
- MANUFADDON-533 Skip validation of Production Order UDF editable property in add mode
- MANUFADDON-534 Series feature support for Manufacturing Operations
- MANUFADDON-538 Operation cannot be opened from Operation Delay Prognosis
- MANUFADDON-539: MRP allocation (and JSCP reallocation) skips the closed or cancelled production operation
- MANUFADDON-545 Control validation is forced during hotkey handling
- MANUFADDON-546 BoM duplication doesn't work for items using auto-numbering series
- MANUFADDON-547 Localization error in PDC using czech language
- MANUFADDON-553 Completed Quantities have to be zero after Production Order duplication
- MANUFADDON-556 Error in BoM repair: do not add preferred vendor as a supplier to an outsourceable
- MANUFADDON-560 Handle empty DocEntry parameter list
- MANUFADDON-564 Fix cost must be divided by the base quantity
