

9.2.2. Wrong executable digital signature for Add-on

Please follow these steps on the local SBO Clients that have problems loading the Produmex Add-on.

Go to **C:\Program Files (x86)\SAP\SAP Business One** and modify **AddOnsLocalRegistration.sbo** file as suggested below:

In the file: remove the Produmex Add-on tag and save the file.

OPTIONAL

If you cannot save due to user rights issues, Save As on the Desktop: Select type 'All files'

Then copy → paste (Replace/overwrite) the edited file in the program files folder.
