

Version 18.1.

[Produmex Download Page](#)

[Download Version 18.1](#)

Tested SAP B1 versions

- SAP B1 9.2 PL10 HF 2 (MSSQL 2014, 2016, HANA 122.05)
- SAP B1 9.3 PL02 (MSSQL 2016, HANA 122.05)

Note: Older and newer SAP B1 versions will usually also work, but haven't been specifically tested in this version.

Important remark

Please note: If you are using Produmex Scan in addition to Produmex Manufacturing, upgrade both in order to be compatible with each other.

Before the upgrade, please check the [release notes](#) of the intermediate versions between the current version and the version you would like to upgrade to.

New Functions

- Support multidimensional distribution rules during BoM and production order import
- Enhanced life-cycle handling in Produmex PDC
- Allow to set production line on the Production Management Cockpit for multiple production orders in one step
- Batch attribute booking with Produmex PDC
