Produmex Scan: Extra Fields for Argentinian Database

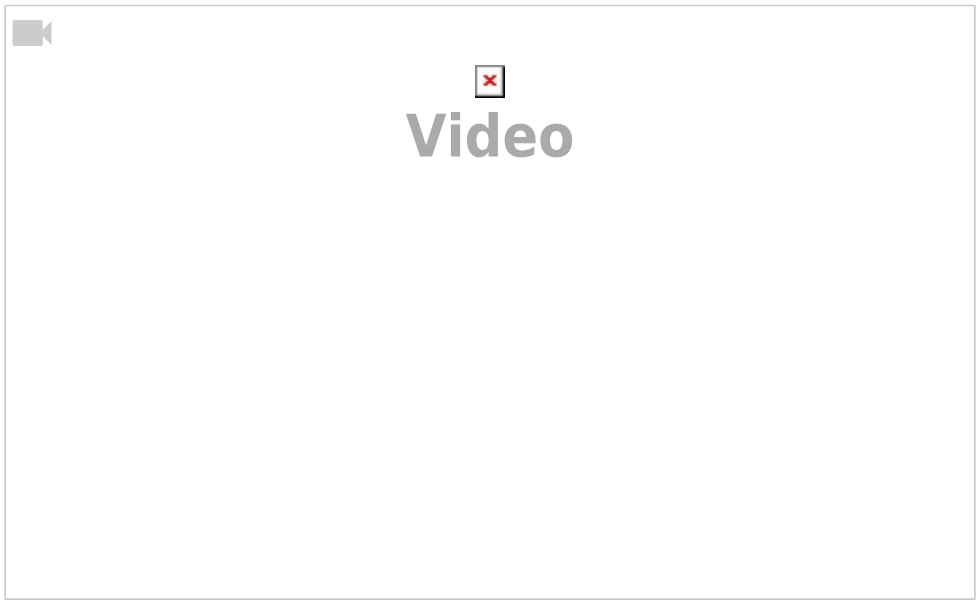

From product version 2021.10, Produmex Scan including Android version supports the POI field and the Folio Number From / To fields if the SAP country database is set to Argentina.

The fields are supported in the following flows and windows:

Goods Receipt PO Flow	Goods Receipt PO window
Free Goods Receipt PO Flow	Goods Receipt PO window
Sales Return Flow	Delivery window, Return window

During the flows the POI field is mandatory to be filled in to create the necessary documents while the Folio Number From / To fields are optional. For more information see:

- Goods Receipt PO Flow
- Free Goods Receipt PO Flow
- Sales Return Flow
