

## 1.6. Define a 3PL item to the 3PL price calculation

Open the ‘Organizational Structure’ window from the Produmex module. At the company level, go to the ‘3PL Invoicing’ tab. Select a 3PL price calculation type, and choose a 3PL item to assign to it from the list. Only non-inventory items will be displayed in the 3PL item list. After assigning a 3PL item, check the ‘Is active?’ box.

For further information about 3PL price calculation types see: [5.1.11. 3PL invoicing](#)
