

6.4.2.1. Selection criteria

This is used to filter the document lines. Only the fields 'Document type' and 'Warehouse' are mandatory. The other selection criteria are optional.

The screenshot shows a dialog box titled "Picklist proposal manager - Selection criteria". It contains the following fields and controls:

- Document type:** A dropdown menu with "Sales" selected.
- Warehouse:** A dropdown menu with "01" selected.
- Customer:** A text input field.
- Item:** A text input field.
- Item Group:** A dropdown menu.
- Due date:** A text input field.
- To:** Two "To" labels, each followed by a text input field, positioned to the right of the "Customer" and "Item" fields respectively.
- Buttons:** "OK" and "Cancel" buttons at the bottom left.

Document type

The document type.
This field is mandatory.
Possible values:

- Sales
- Transfer
- Production (Only if the 'Create proposal for picking?' option is enabled on the [Picking for production controller](#).)

Warehouse

The warehouse.
This field is mandatory.

Customer

The from - to customer.

Item

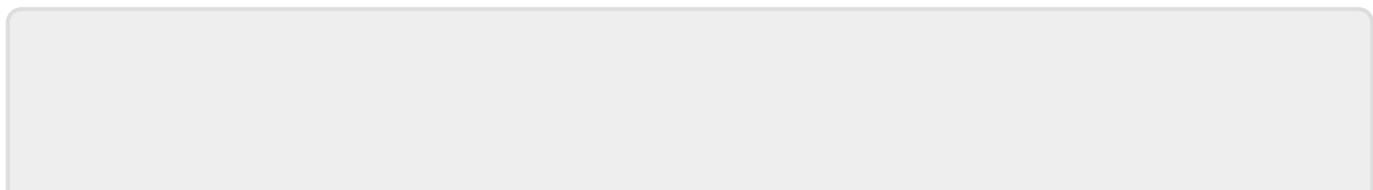

The from - to item.

Item Group

The item group.

Due date

The due date.
The filter will get all documents for this due date.
