

## 6.1.5. Show

### 6.1.5.1. Batch attributes

Click on the 'Show batch attributes' button the see the batch attributes linked to the selected line.

*Batch attribute:*

The batch attribute type. Every batch attribute set for the item on the selected line will be listed.

*Value:*

The batch attribute value.

Please note: Batch attributes will be only shown when the group by option is set to 'Batch number' or 'Detail'.

Click on the 'Hide batch attributes' button the hide the batch attributes section from the Inventory report screen.

The screenshot shows the 'Inventory report' window. At the top, there's a 'Results' table with columns for Item Code, Barcode, Batchnumber, Batchnumber 2, Best Before Date, Batch ID, LUID, SSCC, Warehouse, Storage location, Quality status, Quantity, Uom, Supplier code, and I. Below the table is a 'Batch attributes' section containing a table with rows for Country of origin (Vietnam), Location (Red River Delta), and Organic (No). At the bottom of the window are several buttons: a left arrow, 'Ok', 'Locking', 'Change', 'Print labels', 'Move', 'Hide batch attributes' (which is highlighted in yellow), and 'Show serial numbers'.

Item Code	Barcode	Batchnumber	Batchnumber 2	Best Before Date	Batch ID	LUID	SSCC	Warehouse	Storage location	Quality status	Quantity	Uom	Supplier code	I.
