

7. Scripting Support

Scripting is not supported by our standard support tickets!

Support on scripting requires the purchase of **Premium service**.

Premium Service - If you wish to receive assistance on scripting cases, your inquiry will be then classified as Premium Service and will require the involvement of our delivery team in at least one remote session.

Modifying workflows can cause serious disruption of processes and even data corruption. Extreme Caution is advised! **It is recommended that only experienced WMS Consultants attempt to modify these workflows.**

Boyum IT cannot be held responsible for issues resulting from externally modified workflows.
