

## 7. SAP related

### 7.1. Issue: value in discount field is greater than permitted

#### Issue

When trying to generate a document this SAP error is thrown:

41027: SB0 Error when adding B0 with key '0'; '-5002' value in discount field is greater than permitted

#### Solution

It's an error raised by SAP. Check the discount field on the sales order, and make sure the authorizations of the user is correct so he can give percentage discounts.
